Objective

Highly motivated **BSc (Hons) Computer Science with Artificial Intelligence** student at Softwarica College (affiliated with Coventry University), graduating September 2028. Passionate about AI/ML, computer vision, game development, and web technologies (Node.js, MongoDB, Express). Seeking an intern or entry-level role to contribute skills in software design, problem-solving, and technical creativity.

Education

BSc (Hons) Computer Science with Artificial Intelligence (Expected Sept 2028)
Softwarica College (Coventry University Affiliation), Kathmandu, Nepal

+2 in Science (Computer stream) — GPA: 3.34
Khwopa Secondary School, Dekocha-6, Bhaktapur, Nepal — Completed 2025

Work Experience

Video Editor & IT Support, Rewa Soft Pvt. Ltd., Kathmandu
(Dates: Jan 2023 – Aug 2023)

- Edited and finalized client video content using [specify software, e.g., Adobe Premiere Pro, DaVinci Resolve].

- Troubleshot and maintained internal IT systems, ensuring smooth operations and quick resolution to employee tech issues.

- Collaborated with team members to optimize workflows and deliver high-quality multimedia content on schedule.

Sales Executive & Social Media Manager, Landmark Education, Kathmandu
(Dates: Mar 2025 – April 2025)

- Managed company's social media accounts, crafting posts and graphics to promote programs and events.

- Executed outreach campaigns, resulting in increased engagement and leads (specify metrics if available).

- Coordinated with education teams to support promotions and drive participant registrations.

Projects

- **Team Lead**, *Bahun-D-Run* (Unity/C#): Developed and oversaw creation of a culturally themed 3D platformer game using Unity.

- **Team Lead**, *Exhibitio Khwopa* (Python): Led a team building a opencv project where the device can be controlled just via camera.

- **Team Lead**, *NewHoly* (JavaScript, Node.js, Express, MongoDB): Built a dynamic community web app from scratch; solo-built back-end and APIs.

- **Solo Developer**, *MagiskOnWSA* (Android tools): Built a modification utility for Android-based systems.

Repo links to highlight:
